The entryway is very inviting, with its attractive gable roof lines and large covered porch. As you enter, you'll notice that the living area is tucked off to your left every so slightly, offering some privacy. The pass-through to the dining area offers added convenience. Each room is a comfortable size to fit furnishings.

Structall offers a complete line of precut and preengineered home and building packages utilizing structural insulated panel technology (SIPs). All packages erect quickly, are stronger than conventional framing and extremely energy efficient. SIPs can be clad in conventional OSB or in steel incorporating the patented Snap-N-Lock panel connection.
